## Stock Food Steamer and Evaporator.

is. than

Easier Raised. Saved

These Steamers are manufactured in the most substantial manner, and are warranted to be first-class in every respect, and to give entire satisfaction to the farming public. They are the only combined Feed Cooking and sap or Sorghum Evaporator now in use. It also may be used for making Soap, Washing Wool or Clothes, and for all other purposes where het water is reeded. The steam chest is two feet wide, six feet long and fourteen inches deep. It is light and portable; two men can carry it with ease. The steam chest can easily be removed from the furnace, and place in its stead an evaporating pan. Weight of furnace and steam chest combined is two hundred and fity pounds, weight of furnace, one hundred and seventy-five pounds; weight of steam chest, seventy-five pounds. The furnace is made of cast iron. The steam chest is a wood frame lined with galvanized iron, with a water chamber which holds six pails of water. Directly over the water is a false bottom perforated, which allows the steam to pass through the food you desire to steam. The general lacal form is very convenient for filling or emptying. This furnace is sadapted for burning coal or wood. The farnace is so constructed that all the heat produced is economized, and the amount of fuel consumed is hardly worth taking into account: They are so many who ask for a steamer of this kind that they are absolutely indispensable to any well regulated farm. SPECIAL NOTICES,

PARKER'S GINGER TONIC.

PARKER'S GINGER TONIC,

The most useful medicine ever presented to the public. This active and efficient remedy is the certain cure for Diarrhoea, Dysentery, Cholera Morbus, Cramps, Colic, Dyspopela, Sour Stomach, Heartburn and Fistulence, and at the same time imparts vigor to the stomach, improves the appetite, and aids digestion. To the nervous invalid and also the inebriate seeking to reform, it is of the greatest value; its soothing and sustaining power on the nervous system will enable many to reform who would otherwise full from nervous prostration and want of strength. Travelers, Farners, and others exposed to inclement weather, should always carry it with them. It protects the body from colds, and from the effects of variable climate and diet. It is unequaled as a Tonic in recovery from fevers and exi austing sickness, and is especially valuable to the aged and feeble. We feel confident that after a trial of this remedy no person will ever want to be without it.
